(Note: Profile information is auto-generated; you only need to confirm.)

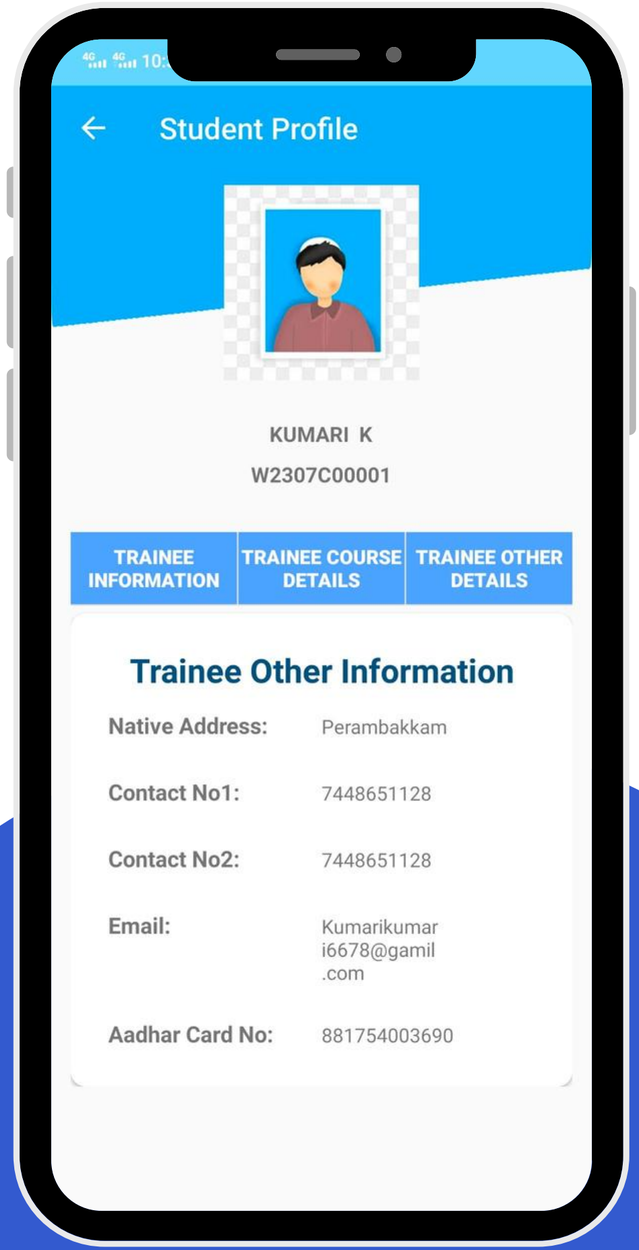

Profile –
3. Trainee other Information

This section covers the following other details:

1. **Native Address:** This is where you originally come from. We need this to understand your background and keep in touch with you.
2. **Contact Information 1:** This is your main contact.
3. **Contact Information 2:** Sometimes, it's good to have a backup number in case we can't reach you on your main one. You can give us another phone number.
4. **Email:** This is your Email for updates, notifications, and anything else related to your training.
5. **Aadhar Card Number:** This is a unique ID number given by the Government of India. We might need it to confirm your identity and keep our records accurate.

(Note: Profile information is auto-generated; you only need to confirm.)

Role of Trainees

1.Read and understand the training content carefully.
2.Don't forget to attempt the exam at the end of Topic.
3.In case of any difficulties please contact your mentor for clarification.
4.Attend internal offline classes and assessments without fail.
5.During the On-the-Job Training (OJT) period, ensure you have maximum attendance.
6.Maintain your OJT Diary / Lab Book regularly and get it checked regularly from supervisor.

Learning Resources

Steps to access Learning Resources:

1.Click on the "Learning Resources" section on the home page.

2.You'll be presented with a column displaying options like Course, Unread, Yesterday, Monthly, and Yearly.

3.Click on a specific column to proceed to the next step.

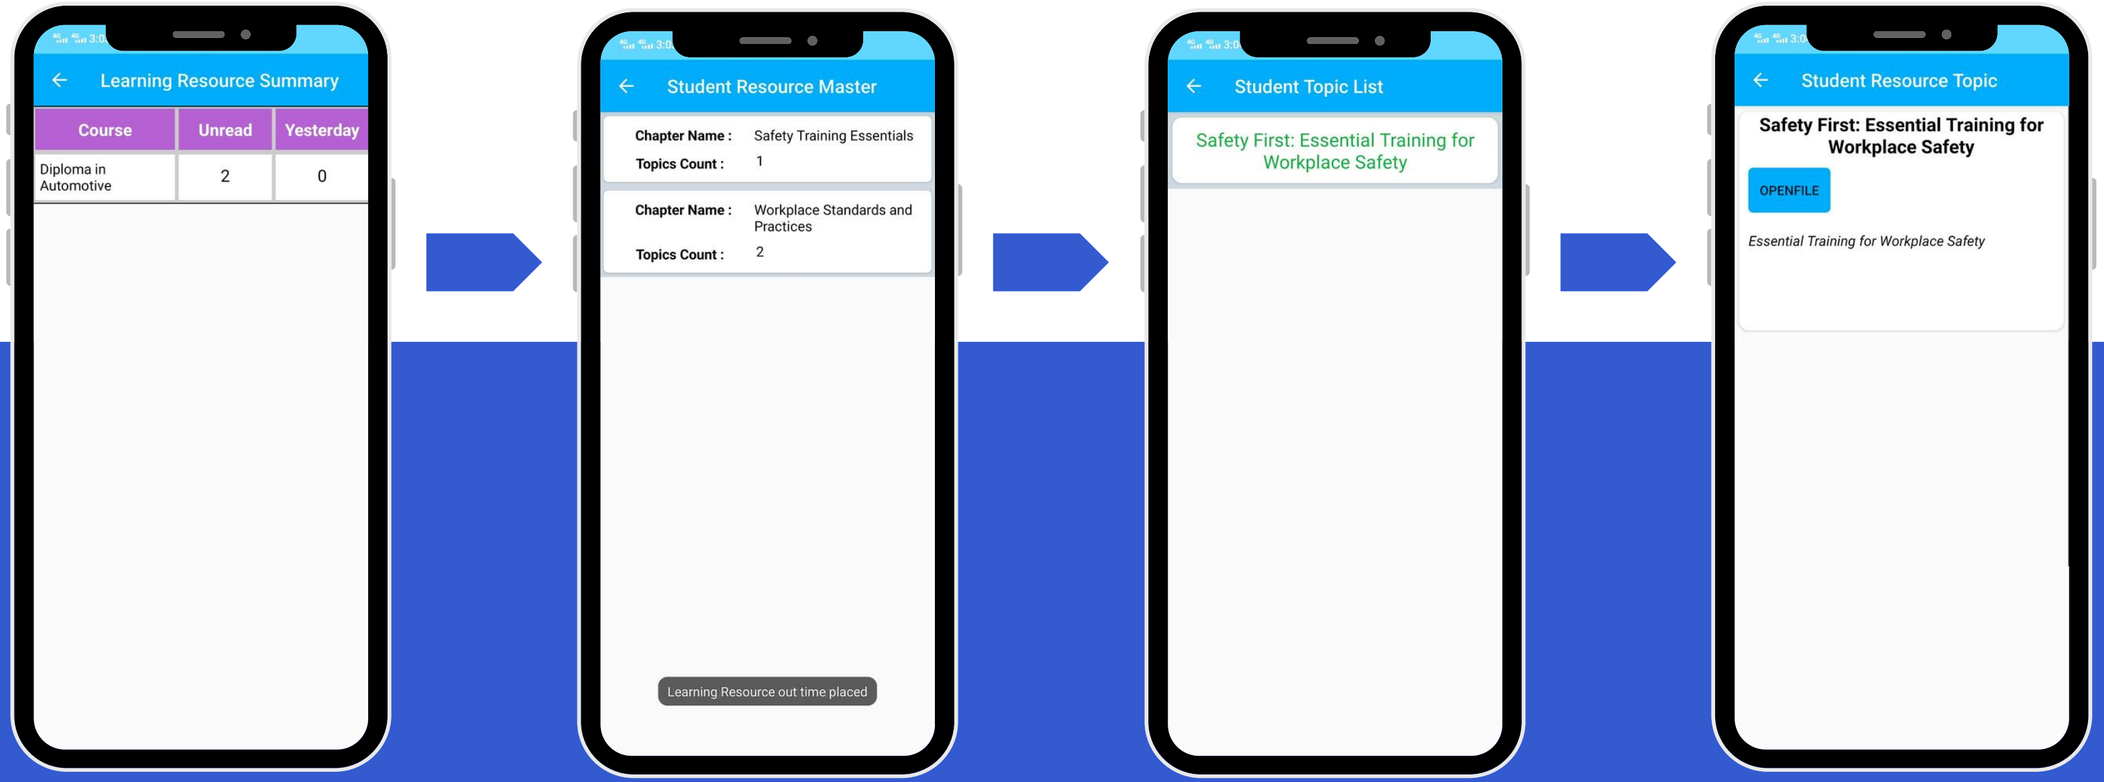

4.On the next screen, select a particular learning topic from the available options.

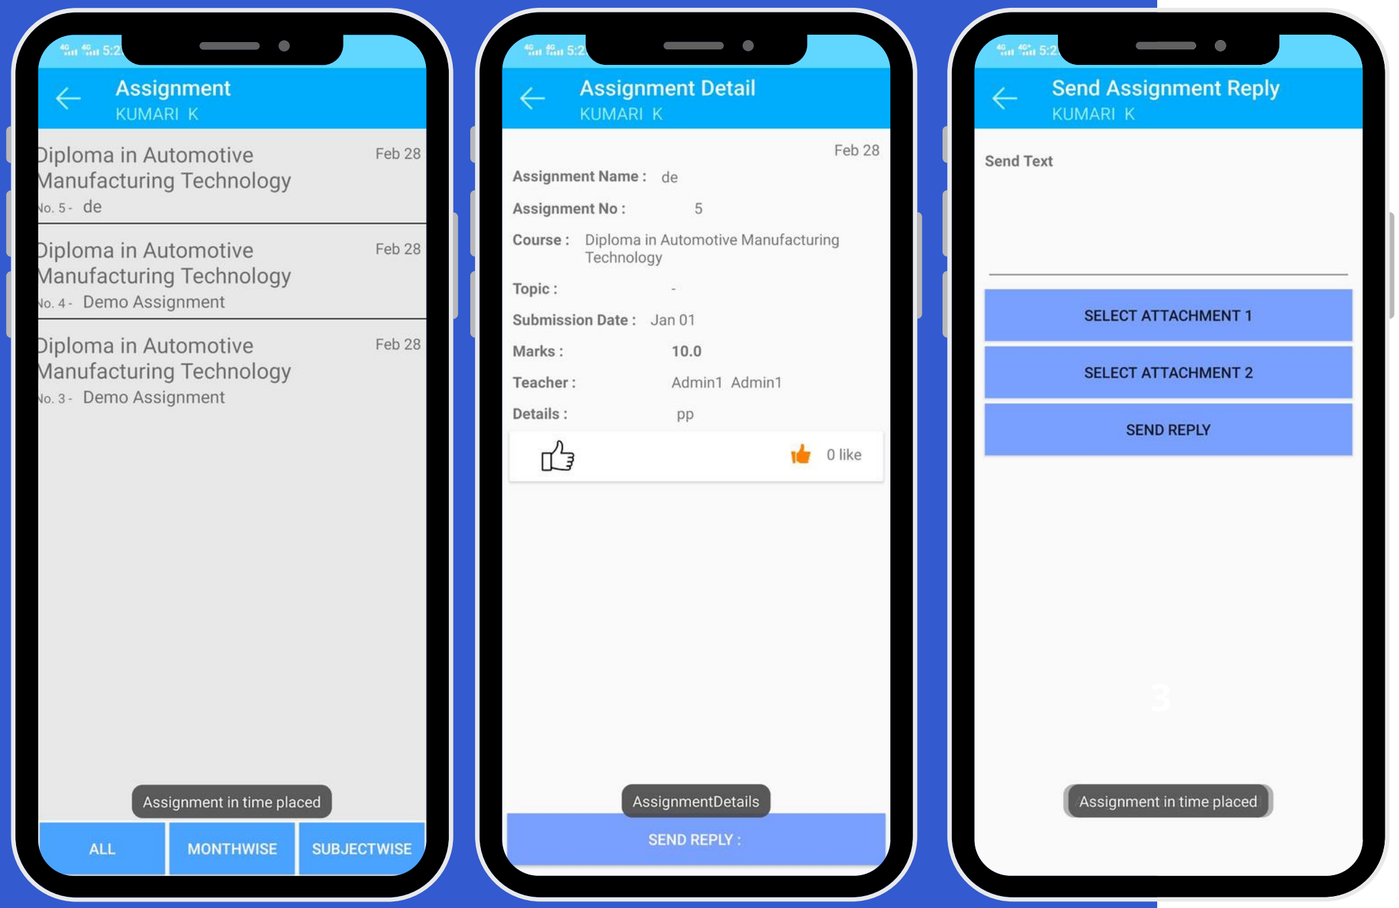

5.After selecting a topic, you'll see another screen with the name of the learning resource and an option to open the file.

6.Click on "Open File" to open the particular learning resource file.

7.Finally, the learning resource file will open, allowing you to expand your skills and knowledge.

8. You can not download the learning resources content.

Assignments

1.Navigate to the "Assignments" section on the home page.

2.Here, you'll find a list of tasks or assignments that you need to complete.

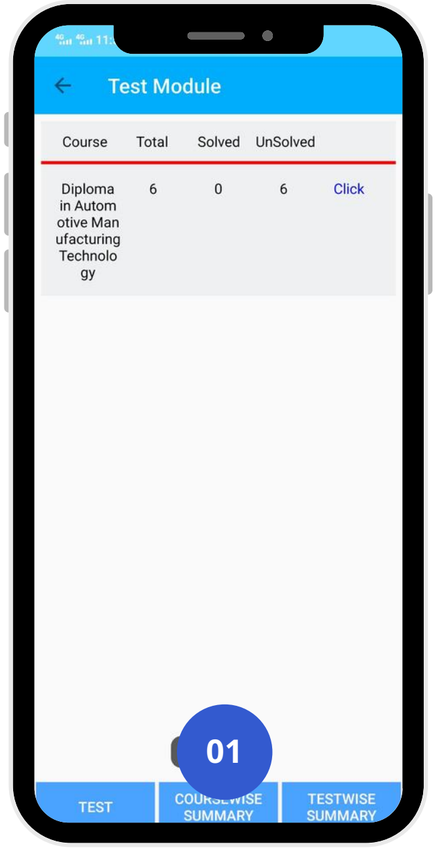

3.Use the filtering options to organize assignments:

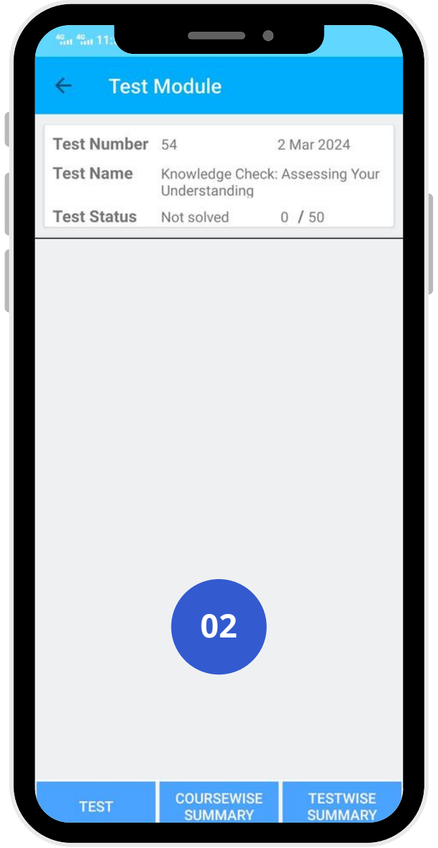

- Select "All" to view all assignments without any filter.
- Choose "Monthwise" to filter assignments based on the month they were assigned.
- Choose "Subjectwise" to filter assignments by subject or course.

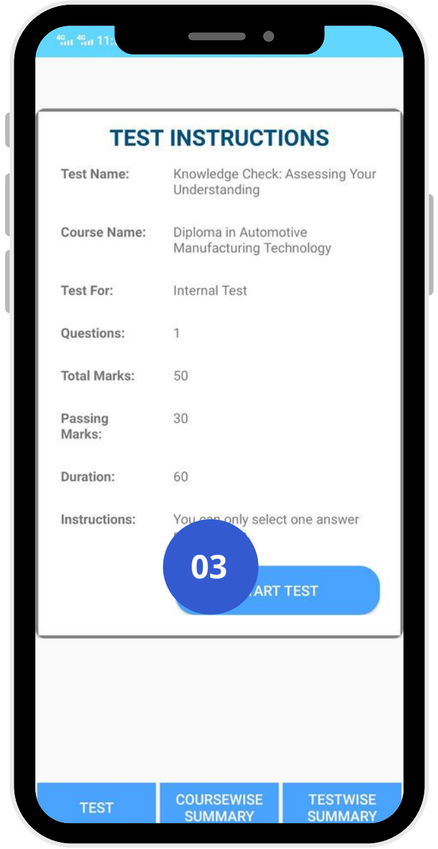

4.Click on a specific assignment to view its details.

5.Review the instructions and requirements on the assignment details page.

To submit the assignment, click on the "Send Reply" button, attach any necessary files, add text if needed, and then click "Send Reply."

Test Module

This section is where you'll find various tests to assess your knowledge. Here's how to navigate through:

1.Upon entering the Test Module, you'll encounter a list of courses along with the number of tests available for each course.

2. Additionally, you'll see details on how many tests you've already completed and how many remain.

3.To begin a test, simply click on the desired test from the list.

4.Once you start the test, you'll be presented with a series of questions related to the course content.

5.Answer each question to the best of your ability, ensuring comprehension and accuracy.

6.After answering all questions, you'll receive a summary of your test results, allowing you to gauge your understanding and progress effectively.

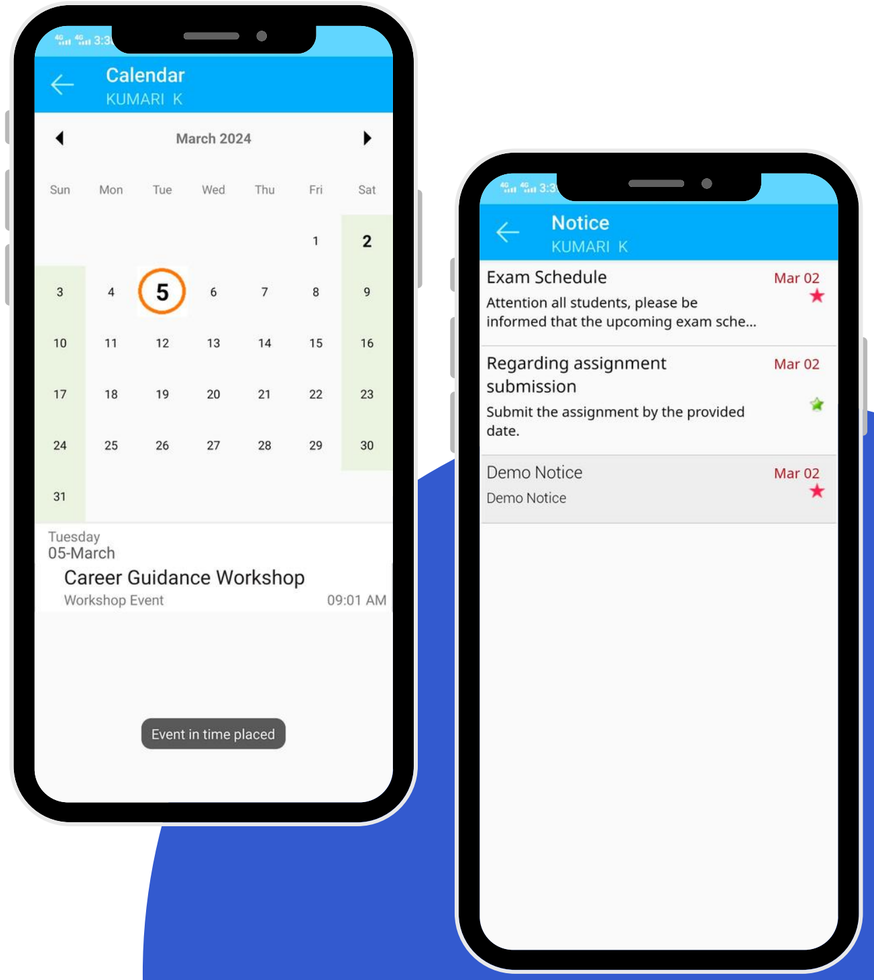

These tests are valuable tools for evaluating your knowledge and identifying areas for improvement. Make the most of them to enhance your learning journey, acquiring skill and knowledge along the way.

Events & Notice

Check out what events are happening on different days.
This can be helpful for planning your schedule.

1. From the home page, navigate to the "Events" section.
2. In this section, you'll find a comprehensive list of events scheduled for various days.
3. Click on a specific event to access more details such as the date, time, location, and a brief description.
4. Additionally, keep track of the "Notices" section, where important announcements and updates are posted.

Staying informed about school activities and announcements is essential for your academic journey as it enables you to plan your schedule effectively, participate in events, and stay updated on any changes or developments that may impact your acquisition of skill and knowledge.

Technical Query

Service

Stuck somewhere? Need help? You'll find contact details and email id of YSF here to reach out for technical assistance.

Learn More >>>

Steps

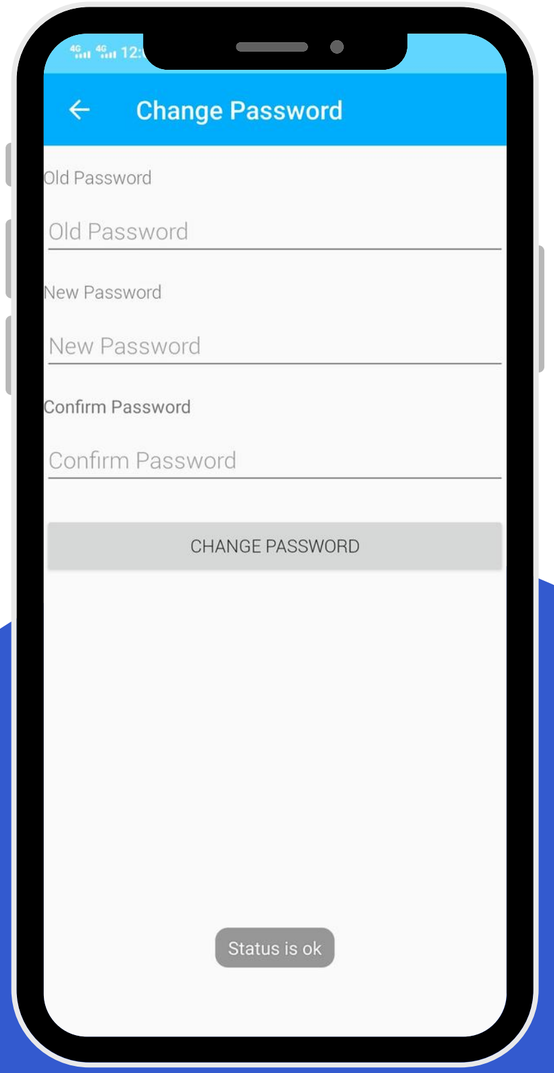

If you encounter any technical difficulties or have questions about using the app don't worry! Help is just a click away. Navigate to the "Technical Query" section
where you'll find contact details and an email ID for YSF.

Change Password

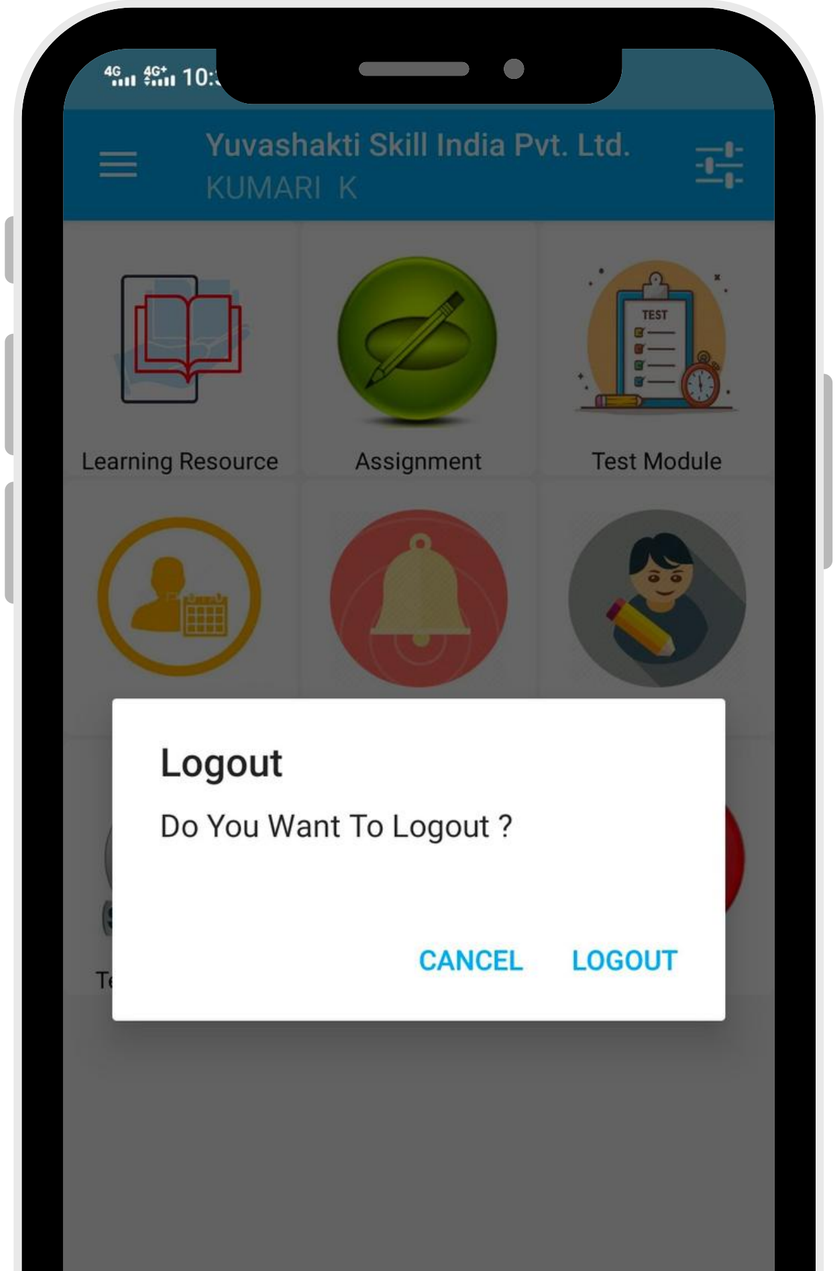

Steps to change your password:

1. From the home page or the settings, locate and click on the "change password" section.
2. Enter your current password for verification purposes.
3. Enter your new password in the "New Password" field.
4. Confirm your new password by entering it again in the "Confirm Password" field.
5. Click on the "Change Password" button to save your changes and update your password.

Logout

1. To log out, locate the "Logout" button typically found in the Home page or settings section of the app.
2. Clicking on the logout button will securely exit your account, ensuring that your information remains protected.
3. Logging out is necessary, especially if you're using a shared mobile, as it prevents unauthorized access to your account.
4. Remember, your security is our priority. Always remember to log out after each session to safeguard your account and personal information.

Conclusion

Recap:

- We've covered various features of the Kaushalya app.
- From accessing resources to managing assignments, taking tests, and staying updated, the app offers comprehensive support.
- Profile management, technical support, logout, and password security are crucial for a safe and productive experience.

Takeaways:

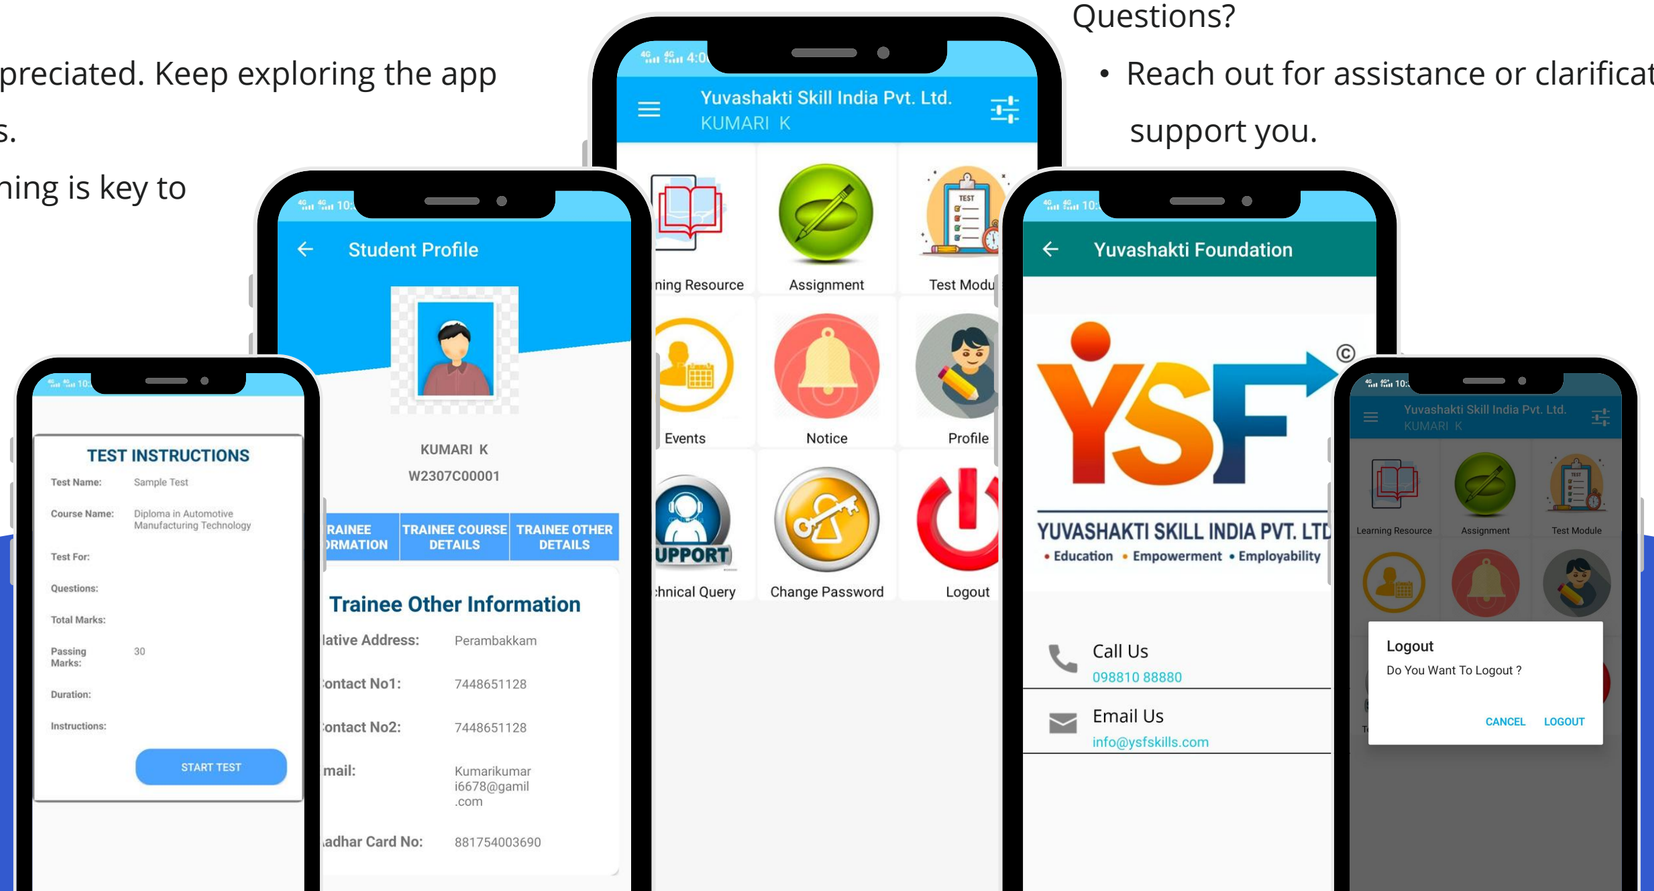

- Utilize the app's features for optimal learning and organization.
- Stay informed about events and announcements for maximum benefit.
- Keep your profile updated and seek help when needed.
- Ensure account security by logging out and changing passwords regularly.

Thank You:

- Your engagement is appreciated. Keep exploring the app for educational success.
- Your dedication to learning is key to achievement.
